#### PROPOSED RECALL

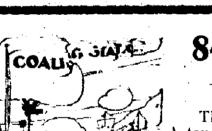

(Continued Frem Page One.)

the decision is to be submitted to vote of the qualified electors, and if a majerity of them differ with the court and reffice the decision the law is to be rea mird and enforced as valid ne constantemal.

This is a remarkable suggestion and one which is so contrary to anything in government heretofore proposed that it is hard to give it the serious consideration which it deserves because

What the court decides is that the onseted law violates the fundamental legislature to enact. But when this issue is presented to the electorate, what will be the question uppermost in the 100 at itritain and King Friderick of them by the advocates of the law? Destructs have telegraphed their feet Will it not necessarily be whether the law is on its merits a good law rather than whether it conflicts with the constitution? The interpretation of the constitution and the operation of a law to violate mg ... Hmitation of that instrument are often blee questions to be settled by judicial reason-ing and far-sighted experience which are not to be expected of the electorate or welcomed by it. If the laute is transferred to them, the simple ques-tion will be of the approval or disapproval of the law. What this recall of decisions will then amount to, if applied to constitutional questions, is

popular but invalid act.
Suppose the act to be invalid because it infringes the rights of liberty of a

orpus in their cases. I ask any can-adoption is, and ought to be, sur-did, fair-minded man if the decision of rounded with such cheeks and delays such a question when submitted to a as to secure deliberation, popular majority is not likely to turn rather upon the popular distayor of those affected than upon the possible infraction of the constitutional liberty of a citizen.

#### One Serious Objection.

A most serious objection to the recall of decisions is that it destroys all Finally, I ask what is the necessity
probability of consistency in constitutional interpretation. The majority and unstable way of reversing judicial
which sustains one law is not the same construction of the constitution? Why. majority that comes to ensider an-other and the obligation of consistency of popular decision is one which would sit most lightly on each recurring electorate and the operation of the sysplication of constitutional guarantees according to copular whim. We would then have a system of suspending the constitution to meet special cases, the tenable, greatest of all despotisms is a govern. I agree

are competent to interpret it, and this mappinger, and it is may perfibly exercise of the power of interpretation, have from time to time to limit or nur-This is clearly a fallacious argument. From the breadth of constitutional

In a particular case and its perfible infringement of a general principle on the other hand are different things, and the latter when submitted to a popular vote is much more likely to be turned into an lasue of general ap-proval or disapproval of the act on its merits for the special purpose of its ensetment than upon its violation of been **ac**orded by a constitutional convention or a legislature, and the final and syranny.

Should Insure Deliberation. Constitutions ought to be protected

by such requirements as to their amendment as to insure great deliberation by the people in making themmuch greater than one vote of a mere temporary majority.
Finally, I ask what is the necessity

be righted by a constitutional amendment?

An abswer made to this is that the same indees will construe the amendtem would result in suspension or ap. ment and defeat the popular will. This assumes dishonesty and a gross viola-tion of their oaths of duty on the part of judges, a hypothesis utterly un-

I saree that we are making progress ment of special instances.

That the sales special instances is and ought to make progress in the last the sales special instances, and ought to make progress in the tain such a popular review of judicial ours greater equality of privilege and decision is that if the people are com- of accumulated capital, and to remove petent to establish a constitution they obstructions to the pursuit of human are competent to interpret it, and this happiness; and in working out these

This is clearly a fallacious argument. row the breadth of constitutional The approval of general principles guarantees in respect of property by in a constitution on the one hand and amendment. But let us do it deliberthe interpretation of a statute and ately, with full consideration and clear consideration of its probable operation weighing of what we are giving up of private right for the general welfare. Let us do it under circumstances which shall make the operation for the The one is simple, the latter complex: change uniform and just and not depend on the feverish, uncertainty and unstable determination of successive votes on different laws by temporary and changing majorities. Such a pro-post so this is utarly eithout merit or utility, and, instead of being prothe constitution. Moreover a popular regarder, is reactionary; instead of hemajority does not adopt a constitution ing in the interest of all the people or amend its terms until after it has said of the stability of popular government, is sowing the rests of confusion

#### REBELS START SOUTH

At Same Time Mexican Troops Leave Mexico City on Train of Armored Cars

CHIHUAHUA, Mex. Marca S. via El Paso. -The vanguard of the insurrecto army mobilized here tonight departed for the south in two trains. It was the real beginning of the campaign to take the City of Mexico, although the immediate destination of the column was aunounced as Jimine's half way believed this city and Torreon. Six bridges between here and Jiminez must be repaired by the troops as they proceed, and it is thought that the trip will require at least two days. Theus were about 800 men in the train-

MEXICO CITY, March 8 - Gen. Jose Consales Salazar who quit the war ministry to direct an active campaign against the rebels around Torreon, left the capital today with a teain of armored gars carrying muchine gung, artiflery was ammunition. A spirit of patriotism appears to have been aroused in the last 4s hours in the city the Andres Farmture company. He lett behind him.

PRESIDIO, Tox, March 8. - Because of threatening conditions on this part tain Water Works Construction com- of the border, the Business Men's club pany and when the water company of Presidio county has appealed to Gen. merger went through he became a Joseph D. Duncan, commanding the deman class at liarvard last fall. At the mention of the board of directors of partment of Texas, for troops to patrol the Rio Grande.

Ojinaga, across the border from Presidio, is the only port of entry in the state of Chinauhum remaining in the bands of the Mexican government him to these companies. He was the mainling the garrison, says it will be president of the Denver Realty com- held at all cost. Because of the proximity of Ofinaga to this city, it is regarded as imperative that United States soldiers be sent positiaste.

#### Iron Workers' Agent Won't Answer and May Be Held in Contempt

LOS ANGELES, March 8 .-- H. W. Pohlman, business agent of the Scattle Iron Workers union, proved an unsat-Hayden, lumber merchant of Chicago: isfactory witness before the federal mite conapiracy here today, and as a A sister Mts. Daniel Newhall, lives result contempt proceedings against Pohlman declined to answer certain

questions asked by the federal proseeuter and was given 30 minutes to think it over and decide if he wished to continue in that attitude. In the half hour he obtained fegal advice and been a trustee of Colorado college, and when the recess was ended, reentered was well known in this city, having the grand jury room and refused to visited here many times. He was answer. He was told to remain undeeply interested in the school and der subpoens until the grand jury was known to many of the students, meets again, probably next Friday. The exact date depends moon two things, the return of Oscar Lawler, special prosecutor, from San Francisco, where he was scheduled to go tonight to represent the government at the extradition proceedings against that A Tveltmoe and E. A. Clancy, indicted at Indianapolis on dynamite charges. The other, when additional evidence from Indianapolis reaches Los Angeles.

Poliman expected to produce the books and records of the Seattle union for the grand jury inspection today. but did not do so because, he asserted, W. H. Harrisen, postmaster in Los-Angeles, was ordered in a later subpoens to take these documents, scheduled to arrive here by mall, into the grand tury chamber.

Pohlman, who said that other letters addressed to him here had been subject opened before they were delivered. Hobart for a few days. He will then said he had nothing to conceal, but objected to the procedure. He said her had contemplated legal steps to recover the backage he alleged was in the possession of the postmaster.

He said the package probably contained his correspondence with J. J. McNamara, the dynamiter, now in San Quentin panitentiary, when he was Amundsen's attainment of the South socretary-treasurer of the International pole, December 14, 1911, received today. Association of Bridge and Structural Iron Workers. He said he never had corresponded with E. A. Clancy, but had telegraphed to his associates in Seattle to send such correspondence if they could find it. He showed a telegram from Scott Hofedtz, temporary secretary of the Seattle union, which contained the phrase "find no Clancy

The Colorado Springs Fuel Co.

did, fair-minded man if the decision of such a question when submitted to a monular majority is not likely to turn father upon the popular disfavor of those affected than poon the possible infraetion of the constitutional liberty of a citizen.

#### One Serious Objection.

probability of consistency in counting-tional interpretation. The majority which sustains one law is not the same majority that colors to consider an-other and the obligation of consistency of popular decision is one which would alt most lightly on each recurring sisttorate and the operation of the system would result in suspension or ap-plication of constitutional guarantees according to popular white: We would then have a system of suspending the constitution to meet special cases, the greatest of all despotisms is a government of special instances.

adoption is, and ought to be, rounded with such checks and delays as to secure deliberation.

Should Incure Deliberation. Constitutions ought to be protected

by such requirements as to their amendment as to insure great deliberation by the people in making them-much greater than one vote of a mere temporary majority.
Finally, I sak what is the necessity

for such a crude, revolutionary, right and unetable way of reversing judicial construction of the constitution? Why, if the construction is wrong, our it not be righted by a constitutional amendment?

amendment?
An answer made to this is that the same judges will construct the amendment and defeat the popular will. This assumes dishementy and a grow with them of their earths of duty on the partor judges, a hypothesis usterly unlessable.

I harres that we are making and

#### IS HE THE PEOPLE'S FRIEND?

THE able letter from "Republican" in Thursday's Open Parliament suggests a few further comments on the attitude of the Tatt Administration in relation to "big business." The justification for our high tariff is that it protects American labor from the pauper labor of Europe. The two most highly protected industries are the wooden and cotton and the steel manufactures. One would dieretore naturally expect to find that a great majority of the employes in these industries are American-born citizens, and that they are paid high wages. "Republican" has effectually shown that the mill operatives in Lawrence, Mass., donot even receive a living wage. Furthermore, the last census shows that the percentage of American-born operatives is very small. Lawrence has a population of 85,000, made up as follows: English, 9.000; French-Canadian, 12.000; Irish, 21,000; German, 6,500; Italian, 8,000; other nationalities, 16,500; American,

In other words, in Lawrence only one man in seven is an American. The same situation is true in the other mill towns of Massachusetts. The operatives are overwhelmingly of foreign nationalities, and they receive a miserable pittance. What, then, becomes of the argument that the high tariff enables manufacturers to pay high wages to American laborers? Maybe it enables them to do so, if it does they show no eagerness to avail themselves of the opportunity,

The same conditions prevail in the steel industry. A recent investigation of the Pueblo plant of The Colorado Fuel and Iron Company shows that common labor constitutes from 60 to 65 per cent of the payroll, and that this labor receives the munificent wage of seventeen cents an hour for twelve hours a day and for seven days. in the week. As is well known, the great bulk of this labor is composed of for-

Contrast the case of the wages in this highly protected industry with wages, for instance, 'paid by the municipality of Colorado Springs. In the steel plant a common laborer receives \$2.04 for twelve hours work, working seven days a week, and, every two weeks, when he changes from a day to a night shift or vice-versa, working twenty-four hours steadily. The lowest paid laborer in the employ of our City receives \$2,25 for eight hours work, and, works only six days a week; and yet he is not protected by a tariff.

The textile mills pay enormous dividends to their owners. They pay a miserable wage to their employes, and are not ashamed even to deduct ten cents a week for drinking water from the pitiful wages of the little children in their employ. The grasping American Woolen Company, which has written the tariff to suit itself, has made it impossible for Americans to buy decent clothing at reasonable prices and yet, when a small reduction is made in the tariff, the President of the United States promptly exercises his veto. If there is any question of hardship. President Tart does not hesitate to leave the burden on the shoulders of the American people rather than to shift it to the monopoly which pays dividends of more than 24 per cent annually.

Just as soon as the In-COME - derstate Commerce Commis-COURT AS sion began to be an etfective body, through the

increased powers granted to

it during President Roosevelt's administration shat is, just as soon as it began to do something for the shippers - the Commerce Court was created at the direct solicitation of President Taft. It will be remembered that the members of the Interstate Commorce Commission are men of great experience in railroad matters, some of them having sat for years on the Commission: that, on the other hand, the members of the Commerce Court are lawyers with no particular experience in deciding problems concerning railroads. And yet, out of the twenty-three decisions appealed from the

interstate Commerce Commission to the Commerce Court, the Commerce Court in the two years or its existence has hell no hésitation in reversing il e Interstate Commerce Commission in nineteen cases, sustaining it in only tour

This Commerce Court, urgen by the President, and whose members yere anpointed by the President, has effectually clipped the class of the Interstate Commerce Commission. It makes no matter now what the Commerce Commission maxdocthe radioad are use so long as the Commerce Court stands like a watchaig to destroy all the decisions of the Interstale Commerce Commission. The honester and cheaper method of controlling the Interstate Commerce Commission would be to abolish it altogether. What a travesto tohave a Commission lately granted large powers, and then have the decisions of that Commission smitters out his a new Court apparently expressly established for that

These coumples, and countless others shie's might be clied show that in every Institute the President is on the side of thig. business." He loves the people, he loves in tice, but he is so constituted that he would not for all the world run the risk. of being tending to thig barmess," particulath to the tariff-fusiered me sopolie, its taking some of the purdens off the common people and transfering them to the shoulders of the great mortage this like The. American Wooden Company and The United States Steel Corporation.

The trouble with the President is that by inheritance, instruct and training he belongs to the class which places property above everything. He has no understanding of, nor's impaths with, that great majority of his countrymen who toil for their daily bread, and who have no resources to full back upon in the time of trouble. He honesth, believes that he has, but his official actions by which we must judge himprove his mistake.

## Advice One Cannot Follow

Since time was young half of the vice as to how to run his home. If he world of women have been advising expects happiness instead of friction the other half upon almost every con-thing to his wife. It is the wife of the thousands of trult trees have been killed. This is especially true of peach, relyable subject differ the sun. But stingy man, he who doles out smell trees. In Colorado, while the weather the writers who are employed to give coins and change for the household ex-

has continued cold enough to prevent advice to men are few and far he- penses, who has an unconquerable, ifthe swelling of buds, there has been tween. Every one knews that few resistible longing to buy everything she men read advice, let alone follow it, sees and longs for, having a record-breaking crop, the They have their own ideas of how to: These are the wives, too, who grow peach, growers of Colorado expect to do things, and, like Davy Crockett, weary of life and are the more easily obtain unusually high prices as a re- go right shead as long as they feel tempted. Where a wife finds frowns sult of the shortage of peaches almost they are in the right and won't care instead of kisses her ideas of marital

the trouble to tell them how to take a wife." at him. But us long us his looks please, he can find some way to cut his wife's himself he does not see why other peo-expenses further or to stiffe in her ple trouble themselves about him; and heart her longing for enjoyment.

He knows exactly what advice is worth. Scores of his fellow men have reads it, but it's all lost upon him, He come to him in their sorrows asking is sure it's to hit some other men who his advice as to what they should do should follow it. in some critical situation. He has taken hours of his valuable time in point ing out just exactly what ought to be done under the circumstances. This was perhaps exactly opposite from what his friend had calculated upon doing. After hours of arguing the matter the friend has gone away, and he did what he had intended to do at the start. Advice is usually time lest for the nonprofessional man who is getting no fee for his best ideas. Advice upon a man's business and his love affairs are entirely two different matters. He may take a good friend's advice as to when to invest and when to keep away, but really no one needs advice who can be seen at any time. Read over his own love affair. That is the not for the boys' contrariness. What one matter which he or all persons in the world, is most competent to figure out for himself. A girl whom they are all advising him to marry may be one

> C. C. HOY1, City Passanger Agent. 118 Fact Pikes Psay

> > Newspaper ARCHIVE®

In a few plain words we wish to tell you of a very profitable and safe investment, which we are offering to the public. It is some of our eight per cent guaranteed preferred stock in blocks of from \$500 and upwards, guaranteed to pay eight per cent quarterly, and in connection with this it participates in the total net profits. We conscientiously believe, based on past records, that this preferred stock will earn a dividend of from fifteen to twenty per cent annually and possibly more. The security back of this consists of several hundred thousand dollars' worth of first-class assets.

As you read this think how you have your money invested. Is it earning for you the revenue it should? It is wise and proper that you should make your money earn for you the greatest possible revenue.

Several have called at our offices in the past sixty days, investigated our statement, convinced themselves that this guaranteed preferred stock is a safe and profitable investment and have purchased stock in amounts ranging from \$500 to \$5,000.

We are only going to sell a limited amount of this stock for the purpose of increasing our working capital.

We invite you to call today, or at an early date, and let us explain this investment fully.

## FOR ALL MEN AND WOMEN

I will give you free a sample of Dr. Pierce's Pleasant Pellets, that have brought health and happiness to thousands—also a book on any chronic disease you need.

The story of my free offer to you is quickly told. During my many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept records of results in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results. I am going to send you free a sample package of Dr. Pierce's Pleasant Pellets, which will relieve biliousness and ill health due to a disordered liver. Write at once for a sample or a book.

> But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery"-2 blood medicine without alcohol.-R. V. PIERCE, M. D., Buffalo, N. Y.

#### Nature's Way Is The Boot.

Burned deep in our Autrice. for it we fed blood-not, quality root, and has and stone root, golden seal, Cragon grape root and othersbark. Of a Dr. R. V. Profess made a pure glyceric extr. t which has been favorably known for over feety years. He called it "GOLDEN MEDICAL DISCOVERY."

This "Discovery" purifies the blood and touce up the stn ach and the sati ... system in Nature's own way. It's just the to the builder and topic you require.

Dr. Pierce says. - "Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bousts

In coughs and hoarseness caused by bronchial, throat and lung affections, except con-jumption, the "Golden Medical Discovery" is a most efficient remedy, especially in the obstinate, hang on coughs caused by irritation and congestion of the bronchial mucous membrunes. The "Discovery" is not so good for acute coughs arising from sudden colds, not hast it be expected to cure consumption in its advanced stages no medicine will do that but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken." Sold by all principal dealers in a edicines,

To fe I out more about the above mentioned dissaves and all about the body in height will dissue, get il e Common Sense Medical Adviser the People's Schoolmester in Medici & Arised and up to date book of 1000 pages which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in a same stumps to pay case of mailing only. Address Dr. Pierce's Invalide' Hotel, Buffalo, N.Y.

CRIPPLE CREEK MINES

**NEW YORK MARKET** 

CHICAGO MARKET

In a few plain words we wish to tell you of a very profitable and safe investment, which we are offering to the public. It is some of our eight per cent guaranteed preferred stock in blocks of from \$500 and upwards, guaranteed to pay eight per cent quarterly, and in connection with this it participates in the total net profits. We conscientiously believe, based on past records, that this preferred stock will earn a dividend of from fifteen to twenty per cent annually and possibly more. The security back of this consists of several hundred thousand dollars' worth of first-class assets.

As you read this think how you have your money invested. Is it earning for you the revenue it should? It is wise and proper that you should make your money earn for you the greatest possible revenue.

Several have called at our offices in the past sixty days, investigated our statement, convinced themselves that this guaranteed preferred stock is a safe and profitable investment and have purchased stock in amounts ranging from \$500 to \$5,000.

We are only going to sell a limited amount of this stock for the purpose of increasing our working capital.

We invite you to call today, or at an early date, and let us explain this investment fully.

## FOR ALL MEN AND WOMEN

I will give you free a sample of Dr. Pierce's Pleasant Pellets, that have brought health and happiness to thousands-also a book on any chronic disease you need.

The story of my free offer to you is quickly told. During my many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept records of results in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results. I am going to send you free a sample package of Dr. Pierce's Pleasant Pellets, which will relieve biliousness and ill health due to a disordered liver. Write at once for a sample or a book.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery "-a blood medicine without alcohol.-R. V. PIERCE, M. D., Buffalo, N. Y.

#### Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, meadrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty. years. He called it "GOLDEN MEDICAL DISCOVERY."

This "Discovery" purises the blood and tones up the atomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce says; - "Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken." Sold by all principal dealers in medicines.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine -revised and up-to-date book of 1000 pages-which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Children are much more likely to contract the contagious diseases when diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of Colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all a

#### TIME AND MONEY REQUIRED FOR EVERGLADES REPORT

WASHINGTON, March &-"It would cost \$150,000 and take a year more for The government to make a complete report on the feasibility of draining the Everglades and to make a plan for that project," said C. G. Ellion to the Moss investigating committee.

ME Elliott, who was chief drainage engineer of the department of agriculture until his dismissal by Secretary Wilson, was on the witness stand in the Everglade hearing.

Mr. Elliott will resume the witness stand, after Representative Clark and some others from Florida testify as to "ari Anderson celebrated her eighty- what they know of the suppression of Mr. Elliott told the committee a cir-

of Everglades land was prepared and

Afterward suppressed.
